## Truman Attacks John L. Lewis As Headline Hunter

Fate of Labor Bill May Be Determined By Coal Walkout

WASHINGTON, June 9.—(AP)—President Truman today described John L. Lewis as a headline hunter. The President declined to say, however, whether the government might take any action in the coal walkout Lewis has called for next Monday.

Administration leaders in congress have been upset by the call because they believe it will hurt their chances to put through a Taft-Hartley repeal bill in the form they want.

A reporter brought up Lewis' name at Mr. Truman's news conference after the President had commented that the espionage and spy inquiries are part of a national desire for headline hunting.

What about the work stoppage Lewis has called for his United Mine Workers? the reporter asked. John Lewis is another headline hunter, the President declared.

Some one wanted to know whether he thought he could prevent a serious coal strike.

He said he couldn't answer that question at this time.

Then, with a trace of sarcasm, he said this is not supposed to be a strike, but a sort of special sit down.

His object, he said he understood, was to use up coal and put the miners in a better bargaining position.

The President said he had not changed his mind on the type of labor legislation he thought the government should have to meet a crisis in labor.

Mr. Truman has opposed continuing the Taft-Hartley law's provision for court orders to stop national emergency strikes. He has taken the position that the presidential office has inherent powers to deal with such situations.

WASHINGTON, June 9.—(AP)—Bitter resentment against John L. Lewis seethed today among senators trying to get rid of the Taft-Hartley law's emergency injunction provision.

Those lawmakers claimed privately that the United Mine Workers' chief, in ordering a week's

## Wage Hike Averts First Strike In U.S. Atomic Plant

OAK RIDGE, Tenn., June 9.—(AP)—An eight-cent an hour wage increase has headed off what would have been the first strike in a government atomic plant.

Just before the old contract expired last midnight, the CIO United Chemical Workers and officials of the Carbide and Carbon Chemicals Corporation agreed on a new contract.

It assured continued production of the vital atomic bomb element—uranium 235—in the plant here.

Two thousand atomic plant employees had threatened to strike today if their wage demands were not met.

WASHINGTON, June 9.—(AP)—More than 70,000 Michigan Ford workers idle in the recent "speed-up" strike were denied unemployment compensation today under a state agency ruling.

However, the Michigan unemployment compensation commission said that 7,600 strike-idled war veterans employed by Ford would get benefits under GI regulations.

DETROIT, June 9.—(AP)—More than 70,000 Michigan Ford workers idle in the recent "speed-up" strike were denied unemployment compensation today under a state agency ruling.

However, the Michigan unemployment compensation commission said that 7,600 strike-idled war veterans employed by Ford would get benefits under GI regulations.

## Use Of Isotopes To Aid Foreign Study Of Germ War Seen

WASHINGTON, June 9.—(AP)—Lewis L. Strauss, member of the atomic energy commission, testified today that radio-active isotopes sent to foreign countries could be used in research on germ warfare.

Strauss also said it is the understanding that Russian scientists are not necessarily excluded from visiting laboratories where the American-supplied isotopes are used, although no isotopes have been shipped to the Soviets.

The senatehouse atomic energy committee put Strauss in the witness chair in a continuation of its hearings on charges by Senator Hickenlooper (R-Iowa) that there has been "incredible mismanagement" of the atomic energy commission (AEC) under the chairmanship of David E. Lillenthal.

Hickenlooper demands that Lillenthal be fired.

Rep. Jackson (D-Miss) asked Strauss point blank if he thought the commission is guilty of "incredible mismanagement."

Strauss replied that he has been "too close to the picture" to evaluate the work properly.

"I think in a number of respects we have done a remarkably fine job," he said, "but we also have

made a number of mistakes. The evaluation of our performance must be made from the outside."

Strauss replied with a "yes," when Jackson asked if he thought the commission guilty of "incredible mismanagement" in the way it has handled the isotopes shipments abroad.

"I think this was an error in judgment," Strauss said. "I don't think it had anything to do with management."

He said the committee convened today, after the AEC had been advised in advance as to the nature of the accusations. Hickenlooper will make that day, Hickenlooper, Jackson declared, should submit "a bill of particulars."

Hickenlooper replied that he had undertaken to present his case in "an orderly fashion" but had been "blocked" by objections to his procedure.

Chairman McMahon (D-Conn) said the committee would meet behind closed doors later in the day to hear and settle "troublesome" questions.

Strauss read to the committee a statement saying that two years ago the AEC had been

## Censorship As To Military Talk Is Relaxed In Part

WASHINGTON, June 9.—(AP)—The defense establishment henceforth will censor the statements of army, navy and air officers only to preserve military secrets.

It has decided that the officers and secretaries of each of the three services should determine whether statements, news conference remarks or articles are in line with "policy and propriety."

A new, brief order signed by Secretary of Defense Johnson provides that the joint review branch of the national military establishment will now review only statements of military officers and their secretaries.

## Yangtze Traffic Halted By Reds Who Fear Mines

SHANGHAI, June 9.—(AP)—The mouth of the Yangtze river was closed to navigation today by the Communists who feared it had been mined by Chinese nationalists.

A pilot said as he proceeded up the river today he saw a medium sized nationalist landing ship zigzagging across the river's mouth as if mines were being laid. He said a nationalist gunboat warned him the area was dangerous.

Customs officials said if mines were laid it was in violation of international law which requires that any area mined first must formally be declared a war zone.

Two foreign ships were caught in port by the navigation closing order. They are the British ship Shenking, which was to call for Hong Kong, and the United States Lines ship, the United States.

States Lines President Polk is due here tomorrow but customs officials said they understood it had been diverted.

Seven foreigners who tried to enter Shanghai were compelled to remain aboard the Shenking. Two of them are Americans.

The seven were among 21 foreigners who arrived from Hong Kong. Fourteen members of families of employees of the steamship company, Butterfield and Swire, were forced to enter under special provisions.

The act was taken at the June session of the trustees at the IOOF Home here in accordance with a resolution unanimously passed Saturday at a special meeting of the grand lodge of Texas held at the Home auditorium. The offer by Navarro county of \$12,500 for the 25 acres was accepted.

The tract will be the site for the new \$120,000 Navarro County Memorial Hospital to be erected as a "living memorial to the Navarro county heroes."

The cost will be defrayed as follows: Navarro county voters authorized \$500,000 bonds April 12, this year, by more than a 5-to-1 margin for the county's part. Public subscription campaign in 10 days netted in excess of \$250,000 while the federal government allocated \$400,000.

The Odd Fellows opened bids for improvements at the IOOF Home for the Astor at Ennis, admitted several children and widows to the Home, and transacted other business during the day-long session.

Strikers Denied Unemployed Pay

DETROIT, June 9.—(AP)—More than 70,000 Michigan Ford workers idle in the recent "speed-up" strike were denied unemployment compensation today under a state agency ruling.

However, the Michigan unemployment compensation commission said that 7,600 strike-idled war veterans employed by Ford would get benefits under GI regulations.

UNEQUAL BATTLE—William P. Kiser vainly tries with a garden hose to halt the spread of flames sweeping through the roof and upper floor of his home in Pasadena, Cal. The fire was started by a spark from burning rubbish and caused damage estimated at \$5,000 before the fire department put it out. A commercial photographer, J. Allen Hawkins, happened by a few minutes after the fire started and made this unusual picture. (AP Wirephoto).

## Rent Decontrol Measure Sent To Governor Jester

AUSTIN, Tex., June 9.—(AP)—The house today concurred in senate amendments to the bill abolishing rent controls in Texas.

The action sends the bill to Governor Beauford H. Jester's desk for his signature or veto.

The vote was 88 to 24 to accept senate changes. The bill needed two-thirds vote to make it immediately effective if signed.

As finally approved, the measure would not go into effect until 90 days after the close of the session, plus 15 days under federal law.

Both house and senate recessed until Monday morning.

House action on the rent decontrol bill came the day after the measure survived a six-hour filibuster in the senate.

The senate today approved a proposed constitutional change to allow trial of lunacy cases without a jury.

The house also must agree to senate changes in the proposed lunacy trial constitutional amendment before it can be submitted to the voters.

The change would permit a waiver of such trial by jury.

The house passed finally 46 local and uncontested bills including 21 that go to the governor.

One of these would make it unlawful for spectators or officials as sports events to throw pot, beer or rocks at each other or at the players. It goes to the governor.

Another would make it illegal to operate a motor boat while under the influence of liquor. This breaks in to count only the cases that occur after the disease reaches its early spring low point.

This occurs each year in March. Since that point was reached this year 834 cases have been reported.

More cases of polio were reported in 1948 than in any year since 1916. The year's total was 885.

In 1916 there were approximately 30,000 cases.

Officials said California and Texas as have reported the greatest numbers of cases. But last week the California cases declined from 18 to 15 and the Texas cases from 72 to 37.

## Some Producers Of Coal Agree With Lewis That Shutdown Is Desirable

WASHINGTON, June 9.—(AP)—The 400,000 members of the United Mine Workers start a week-long strike Monday to underscore John L. Lewis' lecture in economics to the nation's coal industry.

Lewis told the industry yesterday it has overproduced badly and the shutdown will help eat into the huge, 62-day supply of coal already mined.

"This period of inaction," he said, "will emphasize a lack of general agreement in the industry on the dangers which will accrue therefrom if current harmful practices are not remedied." And he added:

"The miners are required again to protect affirmatively the human and property values inherent in the coal mining industry."

Lewis said the strike will be a good thing all around. Some mine owners agreed. An industry source at Pittsburgh said:

"Many coal producers will be glad to see a shutdown. It has been all outgo and little income recently because of supply backlogs."

But there were dissenting opinions. President J. Atlee Schafer of the American Retail Coal Association said "Lewis is violating terms of the present contract by calling out miners prior to the expiration date."

As for the miners, their reaction was summed up by one UMW member who said: "John L. has always been right for us before, hasn't he?"

The strike comes on the eve of crucial negotiations for a new contract. By reducing the 65,000,000

## Fist-Swinging Red Officers Drive German Mob From Their Offices

BERLIN, June 9.—(AP)—Four fist-swinging Russian officers today bent back a looting mob of 200 railway strikers who had invaded the American sector headquarters of the Soviet-controlled Berlin railway.

Later, on U. S. military government orders, Western police guarded the entrance of the five-story building as a result of Soviet complaint. Alexander Kotikov's official complaint against the "hoodlum mob."

Meanwhile, rail strikers grimly picketed the building. A strike spokesman said they intended to prevent anyone of the headquarters staff from reporting for work today.

The mob had invaded and occupied the building late last night, but retreated shortly after midnight when the four Russian officers suddenly arrived.

The Russians, angered by the sight of the mob ripping pictures of Stalin and Lenin off the walls, pitched into the strikers with their fists and drove them to the ground floor of the building.

The mob withdrew after the arrival of 100 American sector German police, dispatched to the scene by Brig. Gen. Frank Howley, American commander in Berlin.

He said the Russians had four-power recognition to use the headquarters for direction of East German rail traffic outside the strike area in West Berlin.

Some 14,000 employees of the Soviet-controlled Reichsbahn have refused to work since May 21 unless demands for West mark wages, union recognition, and job security are granted.

No serious injuries occurred in last night's fighting.

The commando squads from UGO, West Berlin union, overpowered several East German guards and brandished a captured stock of pistols.

The strikers held the building for about an hour. Then the four Soviet officers arrived. They shouted at the mob leaders: "The Russians hit out with their fists at anyone they could reach."

The mob fell back in frightened disorder.

## Health Officials Find Consolation In Data On Polio

WASHINGTON, June 9.—(AP)—More cases of poliomyelitis have been reported in the U. S. this year than last, where there was a serious outbreak, but health officials say the situation is not alarming.

There have been 1,757 cases reported compared with 1,226 on the corresponding date in 1948.

But U. S. public health officials say a more accurate method of measuring the intensity of outbreaks is to count only the cases that occur after the disease reaches its early spring low point.

This occurs each year in March. Since that point was reached this year 834 cases have been reported.

More cases of polio were reported in 1948 than in any year since 1916. The year's total was 885.

In 1916 there were approximately 30,000 cases.

Officials said California and Texas as have reported the greatest numbers of cases. But last week the California cases declined from 18 to 15 and the Texas cases from 72 to 37.

## Wheat Harvest To Wind Up Today

ELECTRA, June 9.—(AP)—Today was expected to see the windup of the 1949 wheat harvest in this area.

A rainshower yesterday delayed the cleanup.

Only about 5 percent of the wheat remained unharvested.

About 49 percent of the crop was hauled in trucks to terminating storage at Dallas and Fort Worth.

## Report Indicates U.S. Had Source In Red Mission

Documents Used In Coplon Trial Despite Protest

WASHINGTON, June 9.—(AP)—A secret report read today to the jury trying Judith Coplon on espionage charges indicated that the FBI was keeping track of what went on at the Soviet embassy.

The document told in detail about the activities of embassy officials and included the text of an application filed by Leona Saron for a job in the Soviet information bulletin.

The Saron woman was not further identified in the report but it said she once lived with another woman suspected of being a Communist espionage agent.

It also mentioned that Valentine Sorokin, described as second secretary of the embassy, was "under separate FBI investigation."

Val M. Zubilin, identified as a former second secretary, was named as being a "known" Soviet espionage agent.

The secret report is one of a series the government was ordered under protest to produce at the trial. One introduced yesterday quoted FBI informants as describing Frederico March and other Hollywood figures as Communists.

Those listed promptly denounced the report.

Government prosecutors declined to give reporters any hint as to how the operatives got their information. They only emphasized the secret documents are being read over their vigorous objections.

Spying Barber

Another secret report read to the jury today quoted a "reliable" informant as saying a barber employed at the White Sands (N. Mex.) rocket proving ground was "expected" to obtain secrets for Russia.

The informant, however, identified only one of the informants, the alleged Russian spy as Eugene Chavet, also known as Eugenio Arto.

"E. J. reported Sept. 3, 19

## Present Cooking Demonstration At Kerens Vet Show

Mrs. Charles Copeland, home service adviser with the Texas Power and Light Company, presented a cooking demonstration Tuesday night in the veterans farm show at Kerens.

A large group of veterans enrolled in the Kerens Veterans Agriculture classes, their wives and guests, attended the demonstration.

Mrs. Copeland, former county home demonstration agent, demonstrated the cooking of three complete, nutritious meals on an electric range.

One meal of pork chops, vegetables, and mince meat pudding all were cooked at the same time in the deep well cooker part of the stove. The second meal consisting of a ham slice, vegetables, and apple cake was cooked in the oven. The third meal prepared on the top units of the stove was composed of a tuna-rice dish with celery, green peppers, and tomato juice. Prunes were prepared as a dessert for this meal. All three meals were cooked at the same time.

Mrs. Copeland explained the use of the electric range as she demonstrated the proper cooking of each meal.

At the close of the demonstration each meal was given away by drawing.

The Kerens dealers in electrical appliances supplied the electric range, electric refrigerator, home freezer, and dishwasher cabinet on display and used by Mrs. Copeland in the demonstration.

O. B. Davis, Jr., commercial service adviser with the Texas Power and Light Co., recently transferred from Palestine to Corsicana, commented on the economy of electricity.

L. O. Wright and H. K. Henley, instructors for their kindred veterans agriculture classes, were in charge of the program.

**CARD OF THANKS.**  
We wish to thank each and everyone for their kindness and sympathy shown during the illness and death of our beloved wife and mother, Mrs. W. W. Olsen.—W. W. Olsen and Family.

## Texas Expert On Fishing Author Of Small Volume

CORPUS CHRISTI, June 9.—(P)—Barney Farley, the renowned fishing guide who once piloted President Franklin D. Roosevelt to a catch of several tarpon, has written a book.

Farley was a guide for the President when Mr. Roosevelt fished at Port Aransas before the second World War. Farley has retired as a guide but has other interests.

"Barney Farley's Fishing Facts" is the title of the 88-page, paperback volume which Farley wrote in collaboration with "Trader Jack" Lozier.

In a foreword, Farley says: "You can teach an army mule how to do any one thing in about 40 years. Hell, I'm as smart as an army mule and since I have been fishing 40 years I know a little about fishing. The reader will gather information on just one thing—how to catch fish. I will attempt to pass on to the reader in simple and everyday language,

some of the know-how about fishing I have picked up over 40 years along this coast."

And that is what Farley did in his book. It is crammed with information about fish and how to bring 'em home.

## System For Storm Warnings Planned

SHREVEPORT, La., June 9.—(P)—Plans have been completed for the building of a storm warning system for the Ark-La-Tex. area.

Weather bureau officials and civic officials arranged for the system here yesterday.

Earle L. Hardy of Fort Worth, regional director of the federal weather bureau, said the system would be designed to give warning of approaching tornadoes, high winds and electrical storms. The system would serve an area within 100 miles of Shreveport.

**Pilot Retires.**  
CHICAGO, June 9.—(P)—Capt. E. Hamilton (Ham) Lee, 57, of United Air Lines, one of the nation's pioneer pilots, today retired from active flying with a record of more than 30 years and approximately 4,400,000 miles of flying.

## Mrs. Hardaway Dies Wednesday; Rites Thursday

Funeral services for Mrs. L. G. Hardaway, aged 55 years, of Carthage, were held Thursday afternoon at 4 o'clock from the Provident Baptist Church on South Sixteenth street. Burial was in the Dresden cemetery. The rites were conducted by Rev. E. C. Morris.

Mrs. Hardaway was reared near Blooming Grove. She died in a Galveston hospital Wednesday. Surviving are her husband of Carthage, three sons, Clifton and Leonard Hardaway, both of Denton, and Clifford Hardaway, Carthage; four daughters, Mrs. H. M. Libhart, Corsicana; Mrs. R. P. Truelove, Roscoe, and Misses Georgia Pearl and Mary Catherine Hardaway, both of Carthage.

Funeral services were held at Carthage, Texas, on Thursday, June 9, at 4 o'clock from the Provident Baptist Church on South Sixteenth street. Burial was in the Dresden cemetery. The rites were conducted by Rev. E. C. Morris.

Funeral Home directed.

## Four-Way Cross Points To Many Sided Succor For Peace\*

Supreme Point In History Reached In Crucifixion—Light Thrown On Ways Of God To Man—Jesus Accepts The Cup Of Humiliation—Shame Overcome In Victory

By WILLIAM T. ELLIS and EARL L. DOUGLASS

The crucifixion of Jesus stands as the supreme point in all human history. The attendant facts of the event are clear, full and adequate, but the event itself remains a mystery after 2,000 years of closest study by the keenest minds of the ages. Yet that mystery has mastered civilization, and today millions of crosses symbolize the victory of the victim.

Although we may never be able fully to explain the meaning of the mystery of the death of Christ we may learn much from it regarding the ways of God to man. The cross itself with its four points in a measure illuminates and symbolizes the meaning of the crucifixion—one end planted deep in the soil of erring nature's needs, its top pointing heavenward to the mercy of a forgiving Father. Its arms stretched out to embrace all mankind within the compass of Divine love. The cross rises before mankind, setting forth the great culminating mystery of the Christian faith, the head coronation of the temple of Christianity—"the lamb slain from the foundation of the world."

Under Roman rule the stated manner of capital punishment for all who were not Roman was crucifixion. Death by crucifixion was confined almost exclusively to slaves, foreigners or criminals of the lowest class. The form of the punishment was so degrading that to suffer it was regarded by the Romans as incompatible with the dignity of any Roman citizen.

Crucifixion was one of the most tormenting of all forms of death. To make the punishment still more painful the crucifying of the offender was preceded by scouring with a lash spiked with metal. This torture was inflicted on Jesus after His condemnation by Pontius Pilate.

Jesus Taken Outside the Gate. When Jesus and the guard arrived at the place of execution Golgotha, outside the city. He was stripped of his clothing by the soldiers, who immediately cast lots for His garments as their lawful booty.

In order to mitigate the cruel suffering of the Roman punishment, there was a humane custom in Judea of drugging the victim with a stupefying drug. This drink was offered to Jesus but he refused it. Undoubtedly his desire to face death with his mind unclouded. It was only thus that he could truly fulfill his Father's will. Untrifled he drank the cup that was set before him. Conviction waited not in his nature.

In recent years there has been a great deal of controversy about who was to blame for the death of Jesus. Pilate certainly cannot escape deep responsibility and guilt. "Find no fault in him," he said. Yet because he was more of a politician than a man, this Roman governor flung Jesus to the waiting wolves of wickedness. While the Gospels explicitly and repeatedly put the responsibility for the death of Jesus upon the Jews, that fact cannot exonerate Pilate, whose official decision was necessary to inflict the death sentence.

Lesson for Public Men.

This climax of injustice should startle every judge and every public official into heart-searching concern lest he should sit in Pilate's seat or follow in the train of that cowardly, self-serving politician. As for the ecclesiastics involved, they revealed how far out of line men engaged in the teaching and preaching of religion can get from what they preach and teach. Calvary has a special message for all churchmen in high places. No class of Christians have greater need to keep close to the cross and its lessons than those who bear religious office.

Death on the cross was usually a long drawn out affair, but for Jesus, weakened as He was by His sufferings spiritual and physical, the pain was mercifully over in a few hours. One of the soldiers, either out of sheer brutality, or to make sure of Jesus' death, thrust

a spear into His side. This was an evil act which no one loves to contemplate.

However, a little later we see humanity in a different light. We observe Joseph of Arimathea supporting the body of Jesus as it is taken down from the cross. It was in the tomb of Joseph that the body of Jesus was laid. By a sure instinct many artists in the old days depicted the risen Lord with His banner of victory above the figures laying Him away in His tomb. The men who slew Jesus thought they had buried Him forever, but His like His truth, rose again triumphantly.

The Heavenly Father's Mercy. We can never fully comprehend Calvary or plumb the depths of the full meaning and import of the Atonement. We only know that in a manner beyond our grasp, God's mercy met man's sin in the person of the sacrificing Saviour, who thereby became the Redeemer of the world. The awfulness of mortal sin, which required such a price is matched by the illimitable mercy of the Father in Heaven. The Saviour's own words give the best explanation. "For God so loved the world that He gave His only begotten Son that whosoever believeth on Him should not perish but have everlasting life."

SEVEN SENTENCE SERMONS. In one thing men of all ages are alike; they have believed obstinately in themselves.—Jacob.

Men reject their prophets and slay them, but they love their martyrs and honor those whom they have slain.—Dostoyevsky.

Strike, Thou the Master, we Thy keys, The anthem of the destinies! The minor of Thy loftier strain, Our hearts shall breathe the old refrain. Thy will be done! —Whistler.

He who would write heroic poems should make his whole life a heroic poem.—Carlyle.

I am the good shepherd; the good shepherd giveth his life for the sheep.—John 10:11.

I have a life in Christ to live; I have a death in Christ to die; And must I wait till science give All doubts a full reply? —Shairp.

The real man is the one who always finds excuses for others, but never excuses himself.—Henry Ward Beecher.

The Sunday School Lesson for June 12 is, "Jesus Death and Burial." Luke 23:33-38; Mark 15:34; Luke 23:46-47; Matthew 27:57-60.

## 10-Year Old Boy Is Blamed For Ice Box Deaths

Lesson for Public Men.

This climax of injustice should startle every judge and every public official into heart-searching concern lest he should sit in Pilate's seat or follow in the train of that cowardly, self-serving politician. As for the ecclesiastics involved, they revealed how far out of line men engaged in the teaching and preaching of religion can get from what they preach and teach. HONORED ON BIRTHDAY—Mrs. W. L. Cunningham was honored on her eighty-second birthday with an open house reception Sunday at her home in Richland. Hostesses for the occasion were her granddaughters, Mrs. D. L. Hemphill of Lufkin; Mrs. Jack Poindexter of Grand Prairie; and Mrs. Guy Lansford of Richland. Seventy-five guests were present from Richland, Corsicana, Wortham, Thornton, Groesbeck and Fairfield. Out of town guests included Mrs. Cunningham's son and daughter-in-law, Mr. and Mrs. John W. Cunningham of Seminole. Grandchildren present were Mr. and Mrs. Hemphill, Lufkin; Mr. and Mrs. Poindexter, Grand Prairie; and Mr. and Mrs. Lansford, Richland. The great-grandchildren attending were Gene Hemphill, Jacquelyn Poindexter and Kay and Zoe Lansford.

## Widening Bids For Highway 75 Scheduled Soon

The Texas Highway Commission will receive bids June 22, on 18.572 miles of widening the concrete pavement from the south city limits of Ennis to Rock Island underpass in Corsicana, according to an Associated Press dispatch from Austin. This is one unit of approximately \$10,000,000 in bids expected in 44 projects June 21-22.

The Ennis-Corsicana project is in Ellis and Navarro counties. The engineering corps stationed here is working on the project which is said to include widening of the bridges to 28 feet and the road to 24 feet.

A Hill county project is widening of 6.176 miles of concrete pavement from the Johnson county line to Itasca.

## SICK AND CONVALESCENT

P. and S. Hospital

A daughter was born Thursday morning to Mrs. Loys Roberts, of Mertens. Mrs. Mary Crabb of Corsicana is a medical patient. Mrs. E. Flaxman of Corsicana is a medical patient. Vernon Lambert of Corsicana is a surgical patient. Mrs. L. P. Forsythe and Mrs. Leon Phillips, both of Corsicana, were dismissed.

Navarro Clinic

Mose Blumrosen underwent an operation Thursday morning.

To Attend Waco Meeting

Leighton B. Dawson, local attorney, a member of the District 14 committee of Baptist laymen and pastors is slated to attend a dinner-meeting of the committee in the Baylor Union building Tuesday night at Waco.

Dr. J. Howard Williams, Dallas, executive secretary of the Texas Baptist convention, and A. D. Foreman, state chairman of major gifts committee, will attend. The budget for Texas Baptists during the current convention year is \$10,000,000.

## 100F Home Group Planning Tour Of West Texas Towns

Superintendent and Mrs. Conley Lovelace and 23 children of the 100F Home will leave on a tour extending to El Paso Tuesday and will present programs at nine points. The trip will be made by bus.

The trip includes stops and programs as follows: June 14, DeLeon; June 15, Abilene; June 16, Big Spring; June 17, Pecos; June 18-20, El Paso; June 21, Monahans; June 22, McCamey; June 23, Coleman (San Angelo's date was cancelled because of polo conditions); June 24, Brownwood; June 25, home.

Sunday, June 26, the Tarrant County Odd Fellows and Rebekahs association will give a picnic at the Home here with the students as guests, while Tuesday, June 28, a benefit concert will be given at the Home auditorium by the Friendly Quartet of Ft. Worth, sponsored by the Home. The proceeds toward a camp for the youngsters later in the season.

## Navarro County Women Studying Business Law

Demonstration club women over Navarro county are learning something about business law. County Judge Joe D. Huffstutler has been addressing clubs on the subject, "Business Forms Women Should Know." The theme was selected by the clubs.

Huffstutler spoke to the Emphouse club Tuesday, at Mildred Wednesday, and he will visit the Kerega group Friday.

County Attorney Charles T. Banister offered the same legal explanations in a talk to the White's Chapel demonstration club.

The county is now without a demonstration agent, and Judge Huffstutler complimented the women for their ability in carrying on the club work until a new agent can be employed.

## Osie Cauble Is Outstanding In Co-Op PR Work

Osie Cauble, manager of the Navarro County Electric Co-operative, has been selected in a nationwide referendum as one of the top ten outstanding figures in co-op public relations work.

Of these leading ten, Cauble ranks second—next to W. B. Irby, co-op manager at Moore Haven, Fla.

Chosen as Texas' nominee for the nation-wide contest, Cauble's name was among approximately 40 similar co-op leaders in the United States who were voted on by readers of the Co-op magazine, "Co-Op Ten."

From the ten leaders, judges will select the one outstanding worker in co-op public relations management.

The winner's name will be announced in August, and he will receive a \$500 award.

## Club News

Emphouse H-D Club

The Emphouse Home Demonstration club met June 7 in the home of Mrs. Lawson Rackley with 12 members and two visitors present. County Judge Joe D. Huffstutler gave a talk on land interests, erosion and conservation.

Mrs. Charlie Collins and Mrs. Virgil Grooms demonstrated textile painting. The Emphouse club is sponsoring an ice cream supper Friday night at the gym, with the public invited.

Refreshments were served at the meeting by the hostess. Next meeting will be with Mrs. Troy Holcomb, and a gift-exchange is planned.

Barry H-D Club

The Barry Home Demonstration Club met Thursday in regular session at the home of Mrs. L. C. Boswell, with 23 members and three visitors present.

Visitors were Mrs. G. J. McCarty of Lubbock; Mrs. J. Hampton Barry; and Mrs. Charles Copeland, Corsicana.

After a business session, Mrs. Robert Brown gave a demonstration on the making of beaded combs. Several of those present completed their combs.

The club president, Mrs. Copeland received a wedding gift. A home made corsage made by Mrs. Buell Robison, club president, also was given her. The flowers were grown by Mrs. Jack Brooks.

Refreshments of homemade ice cream, cake and tea were served by the hostess and her daughter, Mrs. La Voyce Richardson.

Next meeting of the club will be at 2 p. m. instead of 3 p. m. it was announced.

Purdion H-D Club

The Purdion Home Demonstration Club met in the home of Mrs. Letha Davis, with 23 members and two visitors present. Visitors were Mrs. Treanheart and Mrs. Rex Gunn, who won the door prize.

Mrs. Elton Skinner, president, reported on the council meeting, explaining the "Queen for a Day" contest. She was elected by the club as its candidate for this contest. Those attending the soil conservation tour reported an enjoyable time.

Textile painting was demonstrated by Mrs. Parks and Mrs. Kennedy. Ice cream and cake were served by the hostess.

Next meeting will be June 20. RICHLAND, June 7.—(Spl.)—The Richland Home Demonstration Club met in its regular session Thursday afternoon, June 2, with 17 members and one visitor, Miss Jeanie Jenkins of El Paso, in attendance. Mrs. Lela Gaddy presided.

Role call was answered by each member giving her preference of a favorite pie.

Readings pertaining to homemaking and breezing of butter were given. A discussion of a future county demonstration agent disclosed various opinions as to why the county was without one.

Mrs. A. N. Brown, Sr., and Mrs. A. N. Brown, Jr., served refreshments.

## Required Health Insurance Rapped

AUSTIN, June 9.—(P)—The house today approved a conference committee report on a resolution condemning socialized medicine and compulsory health insurance.

## Maiden's Prayer To Inventors

By CYNTHIA LOWRY  
AP Newsfeatures Writer.

This is a highly civilized world we're living in. There isn't anything, practically, that we can't achieve in the way of comfort, style or efficiency.

Therefore, I wish people in the proper fields would just put a little thought and effort in making some small changes to make life so much pleasanter.

For instance: Why can't blouse manufacturers add enough material to the bottom of their blouses so that the blouses don't pull away from skirts?

Why can't someone invent a process to keep heels from running over?

Why hasn't anyone invented a lipstick which really stays through a full-course dinner, and which can be applied like other lipstick?

Why not design an automobile you can climb into and out of without doubling up like an acrobat and pulling your clothes out of shape?

Why not a perfume container which would really keep perfume intact in one's purse and not result in a cologne-flavored cigarette?

How about stockings that don't run and garters that keep seams straight?

Why not have store-bought dresses and suits come with the buttons firmly and securely anchored on?

It would be dreamy to have some plastic that looks like white kid and buckskin for summer shoes—but which could be cleaned by simply wiping it off.

I'd like some nail polish that would not get thick and messy as you get toward the bottom of the bottle.

And then why can't they fashion women's pajamas and slacks that begin to approximate a fit?

Certainly some handbag designer could produce a small model which could hold something beside a small compact. Or a big roomy purse that doesn't look like a cat's case.

Typewriter people, I'm sure, could produce a machine which doesn't require a trained mechanic for ribbon changing.

People who write instructions

for assembling such items as outdoor chairs and work tables could put them into such English as a woman could understand.

I haven't made a study, but there must be a master-mind around the nation who could think up a way to make the job of putting up screens and storm windows less frustrating and grueling work.

How about a moth-proof bag for storing woollens which isn't as awkward to handle as a mattress?

If we must have television—and it looks as though we must—it's high time someone designed knives, forks, spoons, plates and trays that wouldn't spill and could be managed in the dark, because everyone knows that the best programs come on right in the middle of the soup course.

People who make phonograph records could do wonders with my morale if they'd agree on whether to put two good numbers back to back on records or one good record and one stinker.

Shuffling them is what is bothersome.

And finally, why in the world doesn't a genius apply himself to the problem of anchoring hats on women's heads? There is no way for a lady with short tresses to wear a wide-brimmed hat if the slightest bit of air is stirring—unless she locks herself with one of those elastic band horrors.

On mature thought, I'd say that this hat problem is the one which should be tackled first.

Now Many Wear FALSE TEETH

With Little Worry

Eat, talk, laugh or sneeze without fear of insecure false teeth dropping, slipping or wobbling. FASTEETH holds plates firmer and more comfortably. The pleasant powder has no gummy, soapy, pasty taste or feeling. Doesn't cause nausea. Its alkaline (non-acid) checks "white color" (denture breath). Get FASTEETH at any drug store.

Shuffling them is what is bothersome.

And finally, why in the world doesn't a genius apply himself to the problem of anchoring hats on women's heads? There is no way for a lady with short tresses to wear a wide-brimmed hat if the slightest bit of air is stirring—unless she locks herself with one of those elastic band horrors.

On mature thought, I'd say that this hat problem is the one which should be tackled first.

Now Many Wear FALSE TEETH

With Little Worry

Eat, talk, laugh or sneeze without fear of insecure false teeth dropping, slipping or wobbling. FASTEETH holds plates firmer and more comfortably. The pleasant powder has no gummy, soapy, pasty taste or feeling. Doesn't cause nausea. Its alkaline (non-acid) checks "white color" (denture breath). Get FASTEETH at any drug store.

People who write instructions

for assembling such items as outdoor chairs and work tables could put them into such English as a woman could understand.

I haven't made a study, but there must be a master-mind around the nation who could think up a way to make the job of putting up screens and storm windows less frustrating and grueling work.

How about a moth-proof bag for storing woollens which isn't as awkward to handle as a mattress?

If we must have television—and it looks as though we must—it's high time someone designed knives, forks, spoons, plates and trays that wouldn't spill and could be managed in the dark, because everyone knows that the best programs come on right in the middle of the soup course.

People who make phonograph records could do wonders with my morale if they'd agree on whether to put two good numbers back to back on records or one good record and one stinker.

Shuffling them is what is bothersome.

## L. O. Taylor Wins Contest Naming Playground Park

L. O. Taylor was announced as the winner of a contest to name a playground and park at the Corsicana Cotton Mills, when the Employees Welfare Committee entertained with a supper program Saturday. The place will be known as Textile Park, the name entered by Mr. Taylor who won a prize of \$15, presented by Jesse Richards. Three other entrants submitted the same name but their entries carried later postmarks. These winners and their prizes were Robert Keefe, \$10; Mrs. Willie Richards, \$7.50, and Miss Geneva Brewer, \$5. The afternoon event opened with a softball game in which C. C. Boyte's team won over one captained by S. M. Brewer.

Approximately 400 employees and other guests were present for the supper. The Rev. J. Morris Bailey offered the invocation. Hot dogs, iced tea and coffee were served by the Employees Welfare Committee, and women employees furnished salads, cakes and pies.

A special feature of a humorous program was a duet by C. T. Clay, Jr. and Billy Clarkson with Charlie Williams furnishing a guitar accompaniment.

Colored motion pictures were screened by J. N. Edens, Jr., including scenes from an Easter party at the Mills, comedies and a deep sea fishing short subject.

Principal speaker for the occasion was Glen Thompson, whose subject was "Teamwork." He pointed out that cooperation and a willingness to serve beyond the call of duty are important factors, and spoke of the dormant land of the park now converted to useful purposes.

A printed program for the event was prepared by Charles Barnaby. The committee which served to select a name for the park from the entries included Ira Yarbrough, Mrs. Johnnie Cummings and H. H. Holland. The winners were named by Mr. Richards, secretary-treasurer of the Employees Welfare Committee.

Other Members Serving on the welfare group also are Mrs. Ralph Elliott, chairman; Mrs. Louise Lassiter, Barge, Ora Hardin, Everett Ivey, Mrs. A. M. Potts, C. C. Boyte, Miss Velma Brewer, Mrs. Ernest Jones, J. B. Spurlock, and Les Richards. Other employees assisted in arranging the special event.

## Corsicans Are Luncheon Guests Of J. W. Carpenter

Eight Corsicana residents were guests of John W. Carpenter, president of the Texas Power and Light Company, Thursday noon at a luncheon sponsored by the Dallas Chamber of Commerce honoring the Texas Highway commission and engineer.

F. Mitchell of Corsicana is one of the highway commissioners. Carpenter's guests included J. N. Edens, F. H. Harvey, Jr., John C. Calhoun, W. P. McCammon, Robert Casco, C. W. Taylor, Russell Purifoy and Joe E. Butler.

RECENT BRIDE—Miss Wanda Webb, daughter of Mr. and Mrs. Jeff Webb, became the bride of Willie Bonner, son of Mrs. Mattie Elmore Friday afternoon at the home of the bride's parents, with Claude Guild, Church of Christ minister of Ft. Worth, as officiant. The bride's only attendant was Miss Ellen Jeanne Willard, and Marion Webb was best man. After an informal reception Mr. and Mrs. Bonner left on a wedding trip. They will return to make their home in Corsicana. The bride was graduated from Corsicana High School with the class of 1949. The bridegroom was also graduated from Corsicana High School and attended Navarro Junior College.

## Navarro County Assured More State Aid Under Gilmer-Aikin Program

AUSTIN, June 8.—(Spt.)—More state aid for Navarro county schools is assured under the Gilmer-Aikin program as approved by the legislature, State Rep. George Nokes of Corsicana declared today.

The Corsicana legislator, who helped guide the Gilmer-Aikin legislation through to final passage, estimated that the county's schools would get at least an extra \$215,000 under the new program above what they are now getting from the state.

At the same time, the county as a whole can meet its local financing requirements under the new program without any increase in taxes, Nokes predicted. He pointed out, however, that he expected a breakdown of the tax picture for each individual school district in the county and that some adjustments might be necessary in some districts.

## O. S. (Sisro) Rich Funeral Services Held On Tuesday

Funeral services for O. S. (Sisro) Rich, aged 57 years, Black Hills farmer, who died Sunday night, were held Tuesday afternoon at 3 o'clock from the Black Hills church. Burial was in the Black Hills cemetery. The rites were conducted by Rev. Lawrence W. Shivers and Rev. T. R. Vaughn.

Surviving are his wife of Black Hills; three sons, Melvin F. and Alvin Gene Rich, both of Black Hills, and Calvin C. Rich, Dallas; four daughters, Mrs. Ernest Cook and Mrs. Clovis Stover, both of Corsicana, and Misses Lena Ruth and LeVerna Rich, both of Black Hills; five grandchildren, four brothers, H. A. Rich, Bonham; W. C. Rich, Ennis; G. C. Rich, Cleburne; and Olin Rich, Corsicana; two sisters, Mrs. G. A. Lockhart and Mrs. C. J. Meador, both of Corsicana, and other relatives.

Funeralbearers were G. G. Poarch, C. W. Ebeling, R. A. Perkins, W. V. Cook, Harry Rogers and Henry Slate.

Corley Funeral Home directed.

## Sgt. Neal Davis Funeral Rites Here On Sunday

Funeral services for S-Sgt. W. Neal Davis, 35, killed in St. Lo, France, July 26, 1944, will be held from the Corley Funeral Chapel here Sunday afternoon at 2 o'clock. Burial will be in the Richland cemetery. The rites will be conducted by Rev. Van F. Morrison, Azale, Methodist minister, and Rev. L. B. Fowler, Richland Baptist minister.

The body will arrive here Friday morning. Sgt. Davis was the son of the late E. R. and Maggie Davis of Richland.

Surviving are four sisters, Mrs. Bertha Knotts, Corsicana; Mrs. Lloyd Tankersley, Kaufman; Mrs. Elsie Pool, Odessa; and Mrs. Bishop Kellman, Hondo; a brother, Cliff Davis, Richland, and other relatives.

## City Plans To Match County Dollar For Dollar Supporting Health Unit

Dr. Will Miller, acting director of the Corsicana-Navarro Health unit, who often doubles as miracle man in keeping the doors of the unit open, bounced out of the city hall Tuesday afternoon with one less worry.

The commission had just informed See WATER ISSUE, Page 4, that the municipality's annual financial support of the unit, would be boosted if the need arises.

The need already has arisen, Dr. Miller told the group. The commission, although it did not vote on the matter, told Dr. Miller that the city would match every dollar the county puts in, and anticipated that the county would earmark \$5,000 in its budget.

Dr. Miller presented the city is giving \$5,000 for upkeep of the unit. Dr. Miller appeared before the city commission Tuesday to inform them that it was the time of the year to formulate budgets. He said the unit's budget is now in Austin for approval, and wanted the city to know as to its submission.

## Square Dance Festival Sponsored By Lions Club Will Be Colorful Affair

Airport runways at Navarro Junior College, lighting facilities and all other arrangements were being completed Thursday for the colorful square dance festival at 8 p. m. Friday.

Thousands of spectators, who must pay to enter the grounds, and hundreds of square dancers are expected to attend the affair, sponsored by Corsicana Lions.

Lions Secretary John Henry Bryant announced that ample parking space would be available. Admission is 80 cents per person and 50 cents per child.

Everyone is urged to enter the grounds at the south gate at the college. Arrangements have been made to take care of crowds and automobiles.

## Civilians Stage Annual Ladies Night At Country Club; Officers Installed

The Country Club banquet room rocked with laughter for nearly two hours Tuesday night when Corsicana Civilians presented a program of magic, humor and clownery at their annual ladies night event.

Furnishing the entertainment was jovial A. C. Wimpee, director of special activities at Baylor University. Climaxing the annual affair, Festus Pierce installed the Civilians new officers who will serve during the 25th anniversary year of the club.

Out-going president Glen Thompson relinquished his gavel to Herman Roberts, the new club executive. Other officers installed were Morris Battle, first vice president; W. B. Waddell, second vice president, and Owen Elliott, re-named as club secretary.

N. Suttle Roberts was the banquet toastmaster. Approximately 80 persons attended the annual affair. Introduction of the wives and other guests followed the dinner. Eugene Pitts, Fifth Avenue Church of Christ minister, gave the invocation. Wimpee, who said people were

## Another Motion In Bellhop's Liquor Case Overruled

The Court of Criminal Appeals in Austin Wednesday denied Clin-

ton Moya's request for leave to file a second motion for rehearing of his case, involving alleged violation of the prohibition laws. Moya, a negro bellhop here, is under a one-year jail sentence and a \$1,000 fine assessed by a county court jury Sept. 23, 1948. He was accused of selling a pint of whiskey to an undercover agent of the liquor control board. The high court already has sustained the conviction and sentence.

### TRIAL

If everything could please be  
And never had we care to  
know,  
Were all from disappointment  
free,  
How should we stronger grow?  
Did every hope and dream come  
true,  
With courage never once  
required,  
Then we could idle all day  
through  
And never once grow tired.  
But had this life been fashioned  
so,  
Care-free from birth to end,  
If grief were never ours to know,  
Then how would need a friend.  
Were trial unto us denied,  
The years and endless round of  
bliss,  
The joy of self-respect and pride  
And triumph we should miss.

## SOUNDING BOARD

### SURPLUS WHEAT

Whatever might be the cost of proposed international wheat agreement, in the view of James G. Patton, president of the National Farmers Union, it would be cheaper in the long run than accumulating huge surplus stocks of the grain. He expressed that idea in testifying before a subcommittee of the Senate Foreign Relations Committee, which was studying the agreement.

If the wheat agreement should turn out to be something which could lead the United States into subsidizing the wheat market of the world, Mr. Patton's statement would be a little too broad to suit the American taxpayer. Otherwise there is much sound truth in it. From a domestic point of view it does not make sense to accumulate large stocks of unused wheat while subsidizing the domestic wheat market. And from any point of view it does not make sense to accumulate stocks called "surplus" when the grain might be used elsewhere in the world to feed hungry people.

It is a strange paradox that anything in the most abundant crops of food this nation has produced should ever have been called surplus, and thrown to waste, when there were people—as there always have been—who would have been glad to eat it all. If an international agreement could dissolve that paradox it certainly would be worth while.

### FILIPINO CHILD HEALTH

President Elpidio Quirino, of the Republic of the Philippines, is busily engaged in laying the groundwork for a productive future for his people. He has promised his support for "anything new that can contribute to the moral and physical development of the country."

The latest step in this direction is a program for better health and welfare for the children of the islands. A survey of actual conditions will precede the holding of a national congress which will bring present conditions to the attention of the public. Government funds have been promised for the carrying out of necessary reforms.

The under-developed bodies and short life span characteristic of so many Oriental peoples have their beginnings in the inadequate care, food and protection of childhood. Among the Western ideas making an impression in the Orient are the need for better care for children, and the importance of each child as an individual. These ideas should gradually help to improve the health of children, leading to a healthier adult people. The enlightened Filipinos are moving in the right direction with this child health program.

### EDUCATING ADULTS

Adult education is a much discussed but too often a scantily understood subject. Educators say more research is needed in the field, to give schools, libraries and other institutions more information to go on in planning programs for adults. When a program is planned and put in operation, however, public response usually exceeds expectations.

In its beginning, adult education was generally intended to reduce adult illiteracy, and was most frequently connected with projects to assist foreign-born persons to make their adjustments to American life and to comply with the educational requirements for naturalization. That phase of it is still important, but is relatively a small part of

what is now called adult education. The broad field for increasing the knowledge of adults everywhere is almost limitless; everywhere there are people of all ages and many levels of education who have the desire to learn more.

Educational groups which plunge ahead with programs of practical and cultural learning for adults, undismayed by shortcomings of facilities, materials and prescribed patterns, almost always are rewarded by enthusiastic participation of people hungry for knowledge. Those who have learned more than a little usually develop an insatiable desire to learn more.

Adult education, with the broader and more inclusive meaning it is now beginning to have, is something which will grow and endure. Better understanding of its ways and problems will come gradually, and its fine effects will spread gradually through the whole population.

### SONS OF NEBRASKA

Nebraskans may have some ground if they argue that when federal cabinet appointments are passed around, they have not been getting their share. Francis P. Matthews, named secretary of the Navy by President Truman, is only the third Nebraskan to attain cabinet rank.

The first was J. Sterling Morton, secretary of agriculture in Cleveland's second term, who was destined to have a Republican son, Paul, who headed the Navy Department under Theodore Roosevelt. The second was by far the more notable of Nebraska's cabinet officers. This was William Jennings Bryan, His eminence should partially make up for his state's meager representation among cabinet officials.

### KITCHEN GADGETS

A new complaint against American movies comes from a British woman official, Mrs. Mary Agnes Hamilton, head of the American information department of the Foreign Office. She wishes the movies would stop showing every American housewife preparing dinner in a streamlined kitchen equipped with every kind of gadget. She said it's things like this that create misunderstandings between American and British women.

It is true that not every American housewife has all those gadgets. But if she keeps seeing them in the movies she'll have them, sooner or later. And maybe British women will have them, too, and will thank the movies for prodding them into it.

### BITTERNESS AT VANPORT

Around Portland, Ore., it was recalled on Memorial Day that a year earlier the waters of the Columbia River suddenly had surged through a break in a dike and wiped out the city of Vanport. Newspaper writers recalling the year-old disaster looked at the site of Vanport, and found the flat, silt-covered area mostly cleared and tidied up. The city isn't there any more. About all that remains of Vanport, they suggested, is bitterness in the minds of some 18,000 persons who lost their homes and of the families and friends of the fourteen members of their community who were drowned. They may well be bitter. Not only because of what happened to Vanport, but because of what might hap-

pen again along so many rivers in so many places. There was high excitement all over the nation after the destruction of Vanport last year, and for a time it seemed that people and officials might at least be stirred to really grasping the problem of flood control, really doing something about it. But after a while the excitement died down; Vanport was forgotten. Now it seems that, as Congress strains to put through something resembling a budget and get out of Washington by the end of July, visionary plans for controlling rivers will be forgotten, too.

The cities and villages built along the banks of the rivers look so sturdy, basking in the sunlight. The rich land looks so firm and secure. But before the sweep of flood waters the stout buildings may crumble like houses of cards. And many an acre of land day by day washes slowly, almost imperceptibly, down to the sea. Some day we should do something about it. We have started. But we are so slow.

### ENEMY OF COMMUNISM

Juliu Maniu, now 76 years old, is to stay in prison for the rest of his days. His application for release from his sentence of life imprisonment has been rejected by the Military High Court in Roumania. The charge on which this leader of the Peasants' Party was convicted was "organizing and directing plot against the state, and directing reactionary underground activities, being backed by the United States and Britain's imperialist circles."

In brief, this means that Maniu, an advocate of popular government and the breaking up of the great landed estates, could not be tolerated as a possible rival to Communism. Just as a quack doctor cannot bear the competition of a sound physician who might cure patients, so the Communist's greatest hostility is reserved for reformers like Maniu who are striking at the evils which give rise to Communism.

Maniu can hardly hope to see the outside world again, but his cause might yet triumph in Roumania.

### APES OR ANGELS?

The "missing link" has been found. Fossil remains have been discovered in South Africa, says Dr. Robert Broom of the Transvaal Museum of that state, which show relationship between man on the one hand and apes on the other. The belief of scientists is that man and the larger apes, chimpanzee, gorilla, and orangutan, have a common ancestor. The South African bones belong to a group nearer than any previously known to the description of the supposed original ancestor. When the idea of the evolution of man from the same ancestry as monkey was

first discussed, Benjamin Disraeli, the British statesman, quipped that some persons traced man back to the apes, and some thought that he was descended from angels. He himself, said Disraeli, was on the side of the angels.

Whichever side it came from, the South African fossil is remote enough from our time. It belonged to a creature who lived from one to two million years ago.

### CHILDREN'S THEATER

A British actor has inaugurated a series of story-telling performances in a small London theater, for children only. He said he started the plan believing that parents no longer have time to tell stories to their children.

His plan is certainly a good one. His programs may prove a delightful and memorable treat for the children who are able to attend. But if his reason for starting it is true, there is something awfully wrong with the parents in his neighborhood. They must need to listen to some stories, too.

Special theater treats like this one are wonderful for children, and help them grow. But nothing can supplant the stories told by Mother and Father. Those just have to go on.

### POOR TAMMANY

What would Richard Croker or Charles F. Murphy, powerful bosses of Tammany in the past, have said to an organization that did as badly as the machine which failed to defeat Franklin D. Roosevelt Jr. for Congress? In a strong Democratic district, with the advantages of the party name (Roosevelt ran on an independent ticket) Tammany could get but 24,000 votes. No prophetic gift is necessary to venture the assertion that there will be an upheaval in the Tammany leadership.

### CRACK IN THE CURTAIN

Soviet writers are accused of falsifying the history of science to glorify Russia. This charge, held by most scholars to be true, is now advanced again, and interestingly enough by a Yugoslav newspaper, the Politika of Belgrade. This paper represented the Russian depreciation of the great Serbian inventor Nikola Tesla, and pointed out that Russian histories of invention could not be trusted. Politika incidentally failed to mention that Tesla's many inventions in the electrical field were made in the United States. The important point now is that Yugoslavia and Russia are at odds in this field as in many others.

### REPLACING HAGUE

Frank Hague, until the recent election the unquestioned boss of Jersey City for the past 32 years, is a vice-chairman of the Democratic National Committee. Though his term has three more years to go, a movement has already begun to replace him. The idea is that Hague's notoriety as a machine leader does the party no good. The holders of the idea carefully refrained from pressing it, however, as long as Hague displayed the ability to deliver the Jersey City vote, often with sufficient margin to swing the whole state of New Jersey. There does not seem to be much risk in taking the step now. New Jersey went for Dewey in 1948, and has not elected a Democratic governor or senator since 1940. Hague has not abdicated, but perhaps his power is gone.

At Columbia University, one of the foremost institutions in the training of teachers, desire to teach was expressed by only 13 of 687 male students entering in 1948. Looks as though there is need for a better job of selling the teaching profession to young people who are deciding what to do with their lives.

Latest reports from Washington is that as summer advances Congressmen lose their enthusiasm for work, just as do other mortals.

This is the season of pride in a sun-creased complexion. In this case, pride often goeth before a blistered nose.

## Gold Sox Manager Hero Of Game In West Texas Loop

By The Associated Press.  
The Amarillo Gold Sox manager, Jess Landrum, is the hero in the West Texas-New Mexico baseball league today.

Landrum went to bat in the last of the ninth, last night, with the bags loaded and the score, Albuquerque 6, Amarillo 2. He smashed a home run that sent the game into extra innings. Albuquerque went ahead, 9-6, in the tenth on Les Mulcahy's three-run homer. Amarillo scored two runs in the last of the tenth, to make the count, 8-9. Then, Landrum poked a three-run homer to give the Sox the win, 11-9, over the loop leaders.

Second-place Abilene also lost, to Pampa, 6-4. The win moved Pampa out of the cellar.

Albuquerque went behind the time-hurling of Hugh King, defeated Clovis, 6-2. The loss dropped Clovis into the cellar. Lubbock's game at Lamesa was rained out.

## High School Nines To Play Tonight

DALLAS, June 9.—(AP)—Amon Carter-Riverside (Fort Worth) meets Adamson (Dallas) and Paschal (Fort Worth) tackles Sunset (Dallas) tonight in semi-finals of the city conference interscholastic league baseball tournament.

Two Houston teams were ushered out last night in the opening round as Sunset eliminated Lamar, 11-4, and Amon Carter-Riverside trimmed Stephen F. Austin, 10-8.

## Former Employee Of Army Reveals Escape Attempt

WASHINGTON, June 9.—(AP)—House investigators developed today a story that a librarian who handled wartime secrets and was fired by the army tried to leave the country without a passport on the Polish liner Batory.

The librarian is Philip O. Keeney, 55, of New York. The Batory is the escape ship of Communist Leader Gerhart Eisler, who jumped bond and fled the country May 6.

Keeney refused to tell the House Un-American Activities Committee whether he is or ever has been a Communist. He said the answer might tend to degrade or incriminate him.

But he did testify that it was on the advice of Earl King, New York lawyer, that he tried to sail on the Batory last Dec. 10 without a passport. Mrs. King also represented Eisler in various cases.

Keeney said he is 50 and lives in New York City. Waiting to testify later was Keeney's wife, Mrs. Mary Jane Keeney, who is on the United Nations payroll.

A report to the FBI brought out yesterday in the espionage trial of Judith Coplon suspended justice department employee, described a Mary Jane Keeney as "well known on the East Coast for her Communist and espionage activities."

The report was from "confidential informant T-8."

## Probe Of Bomber Slated To Start Early Next Month

WASHINGTON, June 9.—(AP)—The house armed services committee planned today to start a probe of the B-36 bomber under way by the first week in July.

The probe was authorized by a unanimous vote. The investigation will cover the history of B-36, now the air force's mightiest bomber, and circumstances connected with its purchase by the air force. It also will include national air power policies, Vinson said, and air force plans for buying other planes.

## Bill Creating New Court Gets Signed

AUSTIN, Tex., June 9.—(AP)—Gov. Beauford Jester has signed bills creating a new district court for Howard and Blaine counties and a new water district for portions of Howard and Ector counties.

Both bills were by Rep. R. E. Blount. The district, to be known as the Colorado River Municipal Water District, provides means of financing water system improvements in the cities of Big Spring and Odessa.

## Cedar Creek Baptist Church

The Cedar Creek church at Pickens, Ark., will have Sunday school, Bible study and singing Sunday, June 12. Come and be with us. You are always welcome. Services for the week: Sunday school 10:30 a. m., Harold Nichols, superintendent. Program, 11:30 a. m., the senior class. Singing, 7:30 p. m., Earl Ingham, director. Bible study, 8 p. m., D. J. Martin, teacher. Choir practice, 8 p. m., Wednesday.

## LEGISLATURE

CONTINUED FROM FIRST PAGE  
amendment was unconstitutional—that the federal de-control act specifically provided that controls, once abandoned, could be returned only by federal legislation.

The amendment were unconstitutional, the senate took no chances of it invalidating the rest of the bill. Another amendment rewording in section language a provision already included in the bill by the house to preserve every part of the bill not specifically found invalid by court action.

Phillips yielded the floor at 6:25 p. m., yesterday, for a vote on his motion to postpone action on the bill until Aug. 31. The motion lost, 20 to 6. He had held the floor in debate for four hours through the afternoon, for two hours the preceding morning and for 45 minutes the day before.

An attempt to put on an amendment that would have left decontrol authority up to city councils in areas where there are military installations was defeated, 17 to 11. Senators James Taylor of Kansas, A. M. Alkin Jr., of Paris and G. W. Morris of Garfield joined in pleading for adoption of that amendment.

Senator Kyle Vick of Waco, senate sponsor of the decontrol bill, sought the amendment. "The war has been over four years and it's past time to do away with controls," he argued.

"Some people are going to be homeless as a result of this high pressure by property owners to push this thing through," Phillips shouted in closing.

Opposing votes were cast by Phillips, Taylor and Alkin on final passage of the bill.

## New Twist In Government Program For Wheat Attractive To Farmers

CHICAGO, June 9.—(AP)—A new twist to the government wheat loan program was seen today as highly attractive to farmers. Grain men here felt the new program, announced late Tuesday by the agriculture department, would cause wheat to be held back on farms. It should prevent markets from becoming glutted and prices from slumping sharply below government loan levels, they said.

Wheat prices responded to the announcement of the new program yesterday with wide advances, particularly in the southwest. Cash wheat bounded up 3 1/4 to 11 cents a bushel at Kansas City. Wheat futures rose 3 1/2 to 5 3/4 cents at Chicago.

In Chicago, traders who were short in wheat futures, expecting prices to drop at harvest time, felt agriculture secretary Brannan had pulled a new rabbit out of his hat.

Here is how grain men reason the program will work. 1. The farmer can let his newly harvested wheat lie unprotected in a field for 90 days. During that period, he will get a loan from the government equal to 75 per cent of the government price support level. That would amount to around \$142 a bushel in the southwest. 2. The farmer then can build, within the 90 day period, bins on his farm to store the grain. For this, the government will loan

him 85 per cent of the building cost. Meanwhile, if the wheat piled on the ground deteriorates the government will foot the bill for that loss.

3. When the farmer has the bins built, he can take his wheat out of the field and put it in the bins. Then he can borrow the full government price support loan, or about \$190 a bushel in the southwest.

Thus, the difference between the temporary 90 day loan and the full loan is about 48 cents a bushel. That, in the opinion of grain men, is more than enough to cover the farmer's cost in building the bins.

The result is that it's to the farmer's advantage to build the bins. In effect, he gets them for nothing because of the difference between the two loans. Furthermore, he has bins on his farm in case he should need them at some future time.

Finally, if wheat prices don't get above the full government loan, the farmer can default. The government then gets the wheat and the farmer gets the money. If prices do advance, the farmer can redeem his wheat and sell it at the higher price.

This will be the first time since 1938 a loan program was started in which the farmer has been made on wheat piled on the ground. Heretofore, wheat to be eligible for a government loan had to be adequately stored.

## THE NATION TODAY

BY JAMES MARLOW

WASHINGTON, June 9.—(AP)—The trial of Judith Coplon, charged with spying for Russia, has become like a Greek tragedy.

Once the characters, seen and unseen, have been set in motion there is no turning back. They move on to the inevitable climax.

And there is great irony in it: So that one person, Miss Coplon, can have a fair trial according to American justice, other people not directly connected with her at all have been held up to suspicion. They are Hollywood actors, for the most part. They have been dragged into the case because once it got started there was no stopping it.

Now spread across the court room is an FBI roster of these actors have been accused of being Communists or fellow-travelers. Who accused them? FBI "informants" whose names are not known except to the FBI.

Are they reliable "informants"? Do they know for a fact what they say is true? Only the FBI knows. The court record doesn't say. This happened yesterday. And last night, one after another, the accused assailed the FBI report as absurd, or unconstitutional, or laughable.

Will any proof be forthcoming from the government about these accused people? or will their names be cleared? No one knows. It all came about this way: Miss Coplon, 28, worked in the Justice Department. The FBI arrested her in New York March 4 with a Russian.

In her pocketbook, the FBI said, she had a number of confidential government papers dealing with national security. She was charged with spying for Russia and went to trial here several weeks ago.

The government lawyers did not want 12 confidential pieces of paper, which the FBI said they found on her, to get into the trial. They said national security was involved. They said FBI informants would be placed in jeopardy. But what of Miss Coplon? She was on trial before a jury. In reaching a verdict of guilty or not guilty, should the jury—

1. See all the evidence so, knowing the whole case, it could reach an intelligent decision? Or—

2. Have to reach a verdict on hearsay, which is what it would amount to if the government said it found secret papers on Miss Coplon but wouldn't let the jury decide on them?

The federal trial judge told the

## Marshall Browns Gain Half Game In Etex Contest

By The Associated Press.  
The Marshall Browns have picked up half a game on the Longview Texans in the tight battle for the Texas State League baseball race.

Marshall's game at Henderson last night was rained out. Tyler downed Longview, 6-1, third-place Kilgore climbed to within half a game of Longview by beating Paris, 9-3. And fourth-place Glade-water won over Bryan, 14-10. Tyler's Henry Culp hurled five-hit ball to humble Longview. Jack Christie held Paris to six hits.

Glade-water rushed across eight runs in the ninth inning to pull one out of the fire against Bryan.

## Midland Indians Get Third Place In Longhorn Loop

By The Associated Press.  
The Midland Indians have taken over third place in the Longhorn league.

Midland copped a bitter 6-5 game over the San Angelo Colts last night in ten innings. A walk with the bases loaded forced in the winning run. The loss dropped San Angelo into fourth place.

First-place Big Spring split a double-header with Edwall. Big Spring won the opener 3-1, while Roswell took the nightcap, 5-4. Odessa, sparked by the heavy hitting of Rex Pearce, defeated Balingier, 10-6. Pearce drove in five runs.

Bob Spence hurled four-hit ball as Sweetwater shaded Vernon.

government lawyers: "I wish I could throw some protection around you, but I can't do that. I'm here to see that justice is done."

So he said the secret papers would have to be made public. With this, the government lawyers decided they'd rather let the papers go. In short, the judge had ruled against Miss Coplon.

In short, the judge had ruled that the government should never have started the case unless it was willing to go through with it.

And if this meant other people were going to be hurt, that was unfortunate but necessary in order to give Miss Coplon fair play and full justice.

**Streetman**  
STREETMAN, July 9.—(Spl.)—Mr. and Mrs. Johnny Allen have returned to their home in Springdale, Ark., after several days visit with Mr. Allen's sister, Mrs. Lloyd Robinson, and family.  
Mr. and Mrs. R. E. Cole and daughter, Barbara Jean, of Dallas, spent the week end with their parents and grandparents, Mr. and Mrs. R. E. Cole and Mr. and Mrs. R. C. Bryant.

Mrs. R. E. Cole and Mr. and Mrs. R. C. Bryant.  
Miss Fannie Kirk of Cordeanna visited Mrs. G. C. Baker last week.  
Jimmie Ferguson of Mexia spent last week with his uncle and aunt, Mr. and Mrs. Jim McCary.  
Miss Marilyn DuBose of Houston is spending her vacation with her parents, Mr. and Mrs. Clark DuBose.  
Mrs. Polly Clark of Dallas is

visiting her sister, Mrs. Essie Clark, and brother, New McKisack.  
Mr. and Mrs. Vernon Turner of Austin and Mr. and Mrs. Vernon Webb Turner and baby son of Bryan are spending their vacation with Mr. and Mrs. Watt Brown and Mr. and Mrs. E. J. Turner.  
Mrs. Lola Webb returned Sunday from several months' visit with relatives in Hobbs, N. M.  
Mr. and Mrs. Roy Jones of Cordeanna are spending this week with Mrs. Jones' mother, Mrs. Lola Webb, and other relatives.  
Mr. and Mrs. Jerry Cole and Suzanne of Palestine were guests Sunday of Jerry's parents, Mr. and Mrs. R. C. Cole.  
Mrs. E. E. Roberg and son, Tommie Roberg, who is a June graduate at A. and M., visited in the R. C. Cole home Monday, en route to Corsicana and Dallas.  
Mr. and Mrs. Cecil Hamrick of West were guests Sunday of Mr. and Mrs. Orville Hemingway.  
Miss Joan Baker has returned from a week end visit with Houston friends.  
Mrs. Clark DuBose, Miss Marilyn DuBose, Mrs. G. C. Baker and Miss Joan Baker spent Monday at Fort Parker where they enjoyed a picnic lunch and swimming party.  
Mr. and Mrs. Gene Alan Bounds have returned to their home in Dallas, after a week end visit with their parents, Mr. and Mrs. R. G. Bounds and Mr. and Mrs. Frank Jenkins.  
Mr. and Mrs. Emory Estes of Marshall spent the week end with Mrs. Estes' parents, Rev. and Mrs. M. O. Southerland.  
Mrs. M. O. Southerland, and sons of Arkansas, and Mrs. H. D. Parnell of Walla visited in the R. C. Cole home last week end, en route to Wichita Falls to visit relatives.  
Mr. and Mrs. E. C. Bryant were in Dallas Monday night to attend a dance recital of the Gingham Girl Studio, in which their granddaughter, Barbara Jean Cole, participated.  
Mrs. Hugh Burleson has returned from several days' visit with her daughter, Miss Grace L. Burleson, of Dallas.  
Mr. and Mrs. Irbey Compton and family of Houston were Friday night and Saturday visitors of Irbey's mother, Mrs. Berta Compton.  
Larry Scammel and four boy friends from Dallas spent the week end at the McCary Lake.  
Mr. and Mrs. Will Collins are visiting relatives in Sweeney this week.  
Mr. and Mrs. Charlie McConico and sons, Kit and Ken, returned to their home in New London Sunday after several days visit with Charlie's mother, Mrs. C. J. McConico, and other relatives.  
M-Sgt. Loyce Cogdall of Fort Worth visited his aunt, Mrs. Charles Haynie here last week.

**Emmett**  
EMMETT, June 9.—(Spl.)—Ernest Crawford of the U. S. army air corps is visiting his parents, Mr. and Mrs. Herman Crawford.  
Mrs. Beulah Coffey of Corsicana spent Friday and Saturday with Mr. and Mrs. James D. Coffey and children.  
Mr. and Mrs. Leslie Price and son of Montalba spent Sunday with her mother, Mrs. Pearl Ballow.  
Earl Merrell and sister, Miss Omah Merrell, and Mrs. Cliff Dale of Lubbock visited their aunt, Mrs. T. L. Shirley over the week end.  
Mr. and Mrs. Troy Connor visited relatives in Corsicana Tuesday.  
Mr. and Mrs. B. A. Jordan spent Sunday with Mr. and Mrs. Bon Jordan at Hubbard.  
McAfee, Daniel, student at Georgetown University, is at home for the summer.  
Mr. and Mrs. Corben Green have moved from this community to make their home in Corsicana.  
Mr. and Mrs. E. R. Stroder left Monday for Houston where he

will work as crop insurance adjuster for a few days.  
Mr. and Mrs. F. M. Watts and family were in Corsicana Saturday.  
Mrs. Bill Green and little son of Italy spent Wednesday and Thursday with her parents, Mr. and Mrs. D. E. Eddleman.  
Mr. and Mrs. R. E. McAfee and daughter, Mary, and Mrs. Mary Littlejohn of Penelope visited relatives here Sunday.  
Mrs. Sears Cook and Mrs. T. L. Shirley attended the cemetery meeting at Salem Saturday.  
Paul Green of Corsicana spent the week end with Benny and Jimmy Green.  
Mr. and Mrs. Gene Vandiver and son of Longview spent the week end with her parents, Mr. and Mrs. Herman Crawford.  
Mr. and Mrs. Aldine Moore and children were in Dallas Friday.  
Mr. and Mrs. Van King and children of Grand Prairie and Mr. and Mrs. C. B. Dunagan and Curtis enjoyed an outing at Fort Parker Sunday.  
Mr. and Mrs. Leonard Green and children spent the week end in Fort Worth with her parents.

**Dresden**  
DRESDEN, June 9.—(Spl.)—Miss Dorothy Putnam of Houston is here visiting her sister's family, the Thomas Johnsons.  
Mrs. Francis McGovern came home last Wednesday after a 10-day visit with the Sam Mortons and other relatives at Stinnett.  
The Mortons brought Mrs. McGovern home, but returned home the next day.  
Mr. and Mrs. Anderson of Dawson visited the Woodrow Fowler family Friday.  
Mr. and Mrs. Joe Smith and children were here over last week end with her parents, Mr. and Mrs. John Yates. Mr. Yates went home with them for a week's visit.  
The Odell DeBoer family of Navarro Mills spent Sunday with the H. C. Cates family.  
The E. B. Cates received an invitation to attend the wedding of Mrs. Cates' nephew, Tom Calvin Cleveland, and Catherine Tur.

nor, Wednesday, June 1, at 8 p. m., at Hillsboro. Because of sickness the Cates were unable to attend, and the same reason kept the Cates from attending the birthday party of their great-granddaughter, Carol Ann Klein, at Waco Saturday afternoon from 3 to 8 o'clock. The little miss is five years old.  
Mr. and Mrs. Allen, Miss Blanche Brim, Mrs. Opal Phelps and daughter, Peggy, of Dallas; Mrs. Dock Ebling, and Fat, Mr. and Mrs. Hugh Johnson and children, Mr. and Mrs. J. H. Haden and family of Houston, Mr. and Mrs. Feherecamp of San Antonio, Mr. and Mrs. Clifton Jackson, Houston; Mr. and Mrs. Clovis Haden and children and Mr. and Mrs. Buster Haden and family, all met in the home of Mrs. Jean Furr for a family reunion last Sunday. The entire family was present.  
Mr. and Mrs. A. L. Morton spent Sunday with the Loyd Mortons.  
Mr. and Mrs. John Ross and little daughters of Corsicana visited in R. H. Richardson home on Sunday.  
Mr. and Mrs. Vernon Morgan and daughter, Carol Ann, of Waco, and Mr. and Mrs. Paul Taylor and little son of Corsicana, visited the E. B. Cates last Sunday.  
Mr. and Mrs. Haskell Pricer and baby of Hubbard spent Saturday night with the Thurman Pricers.

## Registered Pigs Are Awarded Nine 4-H Club Boys

Eight registered Duroc gilts and one boar have been awarded nine outstanding 4-H club boys in Navarro county, Assistant County Agent Curtis Henderson announced Thursday.

The pigs were presented at a brief program Saturday afternoon at the Fairgrounds.

Sponsored by the Sears Roebuck Foundation, the registered gilts are presented annually, and they are part of the litters from those pigs awarded the previous year.

The boys receiving the pigs are obliged to feed, care for and manage the animals; and out of the first litter one pig must be given back for next year's award.

Gilts were presented the following: Jan Walker of Rice; Lynn O'Neal Dawson; J. K. Melton, Blooming Grove; Charles Johnson, Embouse; Kenneth Stroder, Frost; Dickey Watson, Barry; Aylon Crawford, Powell; and Kenneth Killcrease, Kerens. The boar was given Ira Hugh Rutherford of Powell, who must provide free breeding service for the first litter.

Henderson said this annual agricultural program "has done much to improve the breeding of hogs in Navarro county." The boys were selected from among a group of about fifty 4-H lads who competed for the pigs in an essay contest, Henderson said. The essay was on

**PILOT OF CRASHED PLANE**—Capt. Lee H. Wakefield (above), of Stanford, Conn., pilot of a passenger plane which crashed off San Juan, Puerto Rico, with a heavy loss of life, was one of the survivors. Coast Guard headquarters in San Juan said that possibly 54 of the 71 persons aboard had died. (AP Wirephoto).

"Value of producing hogs as a source of cash income on our farm."

At the presentation, County Agent W. H. Walker and Sears Manager Tom Sawyer spoke briefly to the boys, who will exhibit their registered Durocs at the county livestock show.

## President Signs Bill To Conclude Pecos River Feud

WASHINGTON, June 9.—(P)—President Truman signed today legislation enabling Texas and New Mexico to end their old feud over Pecos River waters.

The bill he signed, using 18 pens, grants the consent of congress to the two states to enter into a compact for a division of the waters of the Pecos. The river heads in New Mexico and crosses into Texas before emptying into the Rio Grande.

Officials from the two states witnessed the bill-signing ceremony. Among them were Rep. Regan (Tex.), author of the bill, Senators Connally and Johnson of Texas and Senator Anderson, and Reps. Fernandez and Mills of New Mexico.

Others there were Charles Miller of Barstow, the Texas member of the Texas-New Mexico Pecos River Compact Commission; J. E. Sturrock, Austin, manager, Texas Water Conservation Association; John T. Smith, Midland, Texas, lawyer and Mrs. Smith, J. C. Wilson, Pecos, Texas, farmer, and John Bliss, New Mexico State Engineer. President Truman gave each of the three a copy of the bill, and signed the bill. Another he used in signing the bill. Another he used in signing the bill. Another he used in signing the bill.

Now that congress has okayed a compact between the two states, Texas and New Mexico congressional delegations are expected to meet together on developments of the river's watershed.

In the past they have opposed each other, blocking appropriations to build irrigation projects in the other's state.

Representatives of the two states have negotiated terms of the compact. Its provisions are set forth in the act signed today by President Truman.

**Three Killed And Seven Injured In Nebraska Tornado**

BELVIDERE, Neb., June 9.—(P)—This southeastern Nebraska village struggled today to recover from the effects of a tornado which killed three and injured seven.

The main part of town was without lights, only one telephone was in operation, the water supply was threatened by the power cut-off and one building was demolished and several others were in shambles.

The tornado struck without warning about supper time last night, sweeping down the main street of this village of some 300 persons.

**Corporation Court**

A record player stolen from the Blue Room of George's Grill was recovered Wednesday by Patrolman R. L. Brown. A negro was in the city jail Thursday charged with the theft.

Patrolman John Kelly found the door to the Commercial Barber Shop open during the night and locked it. No haircuts were missing.

**Fugitive Convict Is Found Asleep**

MOONSVILLE, W. Va., June 9.—(P)—Denver Vannest, described as "the most dangerous" of 14 convicts who escaped last Friday from the West Virginia state prison, was picked up today asleep under trees at New Martinsville.

Capture of the 35-year-old Vannest left only two of the criminals who staged the break still free.

**Musicians Told To Limit Demands**

SAN FRANCISCO, June 9.—(P)—Here is James O. Pettit's proposal to help nurse vaudeville back to health:

Members of his American Federation of Musicians shouldn't insist upon too much wages.

The union president told the AFM convention yesterday the proposal might help the musicians as well as vaudeville.

**ATOMIC**

CONTINUED FROM FIRST PAGE ago when he first opposed isotopes exports he cited these three reasons:

1. Radioactive isotopes could be useful in biological research and warfare.

2. They could be used in petroleum chemistry, particularly in cracking processes to produce high octane gasoline.

3. They also could be used in testing metals in the search for alloys that could withstand intense heat and erosion in the production of jet and rocket motors.

Strauss said that as an alternative to export, he had proposed to the commission that scientists from friendly countries be permitted to come to the United States and experiment with isotopes here.

## High School Seniors From Town In Texas Are Visitors In Washington

WASHINGTON, June 8.—(P)—School's out and tourists are swarming all over the Capital. Buses full of youngsters have been coming here on week-ends from neighboring states since early Spring. Now they're rolling in from Texas and other distant points.

The bright orange Elgin High School bus, wandering off its usual run over Central Texas rural roads, pulled to a stop in front of the Capitol bearing a banner reading "Just Elgin Seniors Looking Around." Driver Bernhart Smith opened the door and 34 happy teen-age boys and girls leaped out. Congressman Homer Thornberry of Austin welcomed them, and they posed on the Capitol steps for a group picture.

Escorting the Elgin graduates were El C. Brown, school superintendent, and Mrs. C. T. Laraberg, a teacher.

Expenses are kept at a minimum. It took them five days to get here. They carried coats along and spent nights at public schools along the way, having made arrangements ahead of time. Here they stayed overnight in the gymnasium of the suburban Bethesda-Chevy Chase, Md., high school. They headed for Canada after leaving Washington, and will be gone from home 24 days.

A Rio Grande Valley bus load of youngsters, 25 to be exact and halting from various towns in that part of the state, followed the Elgin group by a few days. Chaperoning them were Al Jordan, McAllen, Y.M.C.A. director, and Miss Kay Wharton, McAllen Evening Monitor reporter.

They were luncheon guests of their congressional representative, Rep. Lloyd Bentsen, in the Speaker's Dining Room in the House wing of the Capitol. They rated use of the ornate room with its long red window drapes, mahogany woodwork and beautiful chandelier, because Speaker Sam Rayburn of Bonham has the say about who uses that exclusive dining place. The official doorkeeper of the House was assigned to serve as their special guide around the historic building. Scheduled to arrive close behind the Rio Grande Valley contingent was a bus of students from Sundeen High School in Corpus Christi.

Rep. John Lyle of Corpus Christi arranging for their visit, said they were being escorted by Superintendent and Mrs. William K. Fraser and three mothers of youngsters in the group.

Speaking of tourists and buses brings to mind the trip here last week of Hugh Henson, a long time Waco printer. Enjoying a busman's holiday he went to Senator Tom Connally's office and got a note of introduction for a special sight-seeing tour through the vast Government Printing Office.

Visitors in the Capitol have only a few days more to see the Senate and House in their regular chambers which have been unchanged except for minor alterations for almost a century.

On July 1 the Senate will move into the old Supreme Court Chamber nearer the center of the Capitol, almost under the dome. The House will meet in the large Ways and Means Committee room in the New House Office Building.

Then workmen will tear the top off the two wings of the Capitol and rebuild the entire roof and ceiling. The job is supposed to be finished by the beginning of the next session, in January. Preparatory to starting actual remodeling, the contractor has erected several "construction shacks" adjacent to the Senate and House wings. They are to be there only temporarily, but in fact are large two-story buildings and metal warehouses that must cost \$100,000 or more and would endure a lifetime.

Incidentally, the present ceiling of the House Chamber is a sort of skylight, made up of a large glass seal of the various states and territories. It has not been determined whether these will be refitted into

the modernized House chamber. If not, they probably will be offered to the various states for any use they might have for them.

**Killed In Crash**

SEGUIN, Tex., June 9.—(P)—A head-on automobile collision west of here yesterday brought death to J. W. Turner, 40, and injury to six others, all of Houston.

**Polish Sentences**

WARSAW, June 9.—(P)—A military court in Wroclaw sentenced three high ranking officials of the coal industry to death today. They were convicted of "economic sabotage."

**Man Indicted For Slaying Of Couple**

## Mrs. Ely Dennis Funeral Is Held Here Thursday

Funeral services for Mrs. Ely Dennis, aged 65 years, who died at the Navarro Clinic Wednesday morning after an extended illness, were held Thursday afternoon at 2 o'clock from the Jolley Funeral Chapel. Burial was in Oakwood cemetery. The rites were conducted by Rev. Jack Goff, pastor of the North Side Baptist church. A native of Rusk county, Mrs. Dennis had resided in Navarro county for 28 years.

Survivors are her husband, Corcoran, four sons, Homer, Dennis, Brownboro, James and L. C. Dennis, both of Corsicana, and Fred Martin, Houston; a daughter, Mrs. Opal Beeson, Corsicana; 11 grandchildren; one great-grandchild, three sisters, Mrs. J. B. Johnson and Mrs. Lura Lynch, both of Corsicana, and Mrs. Lela Jordan, Henderson; a brother, Lee Ford, Corsicana, and other relatives.

Grandsons were pallbearers.

## Irene News

IRENE, June 9.—(Sp.)—A large crowd attended memorial services at Salom Saturday. Rev. Morgan Garrett delivered the address. Lunch was served at noon and the business session was held in the afternoon.

Allie Graham was carried to a Corsicana hospital Sunday. Miss Marjorie Nell Herd of Fort Worth spent the week end with her parents Mr. and Mrs. Charlie Herd.

Dora Littlejohn of Fort Worth spent the week end with her daughter Mrs. Ben Nell.

## Many Corsicana Methodists Are At Conference

Many Corsicana Methodist pastors, congregational delegates and lay visitors are in Fort Worth for the Central Texas Methodist Conference, representing 106,273 members and 404 churches, which opened Wednesday in Fort Worth.

"Some Neglected Doctrines of the Christian Faith" will be the theme for worship services which Bishop William C. Martin will conduct Thursday through Saturday. Bishop Martin will preside over the sessions for the first time since his assignment to the Fort Worth Dallas area a year ago. Ministers who will preside at the worship services, lasting 30 minutes each day, are the Rev. Roy L. Felder, Blooming Grove; the Rev. Ervin Gathings, Grandview; and the Rev. E. D. Platt, Itasca. The conference opened Wednesday morning at 10 o'clock after which the sacrament of the Lord's Supper was administered. Dr. Robert Goodloe, Dallas, spoke at memorial services for ministers and ministers' wives who died during the last year.

Dr. Chet C. Henson, Waco, made a report late Wednesday on the work of the district superintendents, followed by the conference planning committee report. Boards and commissions met in the period following.

Dr. Marshall T. Steele, pastor of Highland Park Methodist Church, Dallas, will speak each evening through Friday at 8 o'clock. The Rev. G. Alfred Brown, the Rev. Wilson Canafax and the Rev. A. A. Peacock are Fort Worth ministers who will preside at evening worship services.

Dr. Warren Johnston, pastor of the host church, spoke Thursday morning on Methodism's Quadrennial program. Thursday reports were to give facts concerning the town and country commission, the reserve pension fund, the minimum salary commission and the board of hospitals and homes.

Corsicana young people will take part in the conference youth rally Saturday evening at 7:30 o'clock. Bishop Martin will read the assignments of pastors for next year at the closing session beginning Sunday afternoon at 2:30 o'clock. He will be assisted by these district superintendents: Dr. Finis Crutchfield, Corsicana; A. S. Garfield, Brownwood; Oran Stephens, Cisco; Charles H. Cole, Cleburne; W. W. Ward, Fort Worth; Floyd E. Johnson, Gatesville; R. C. Edwards, Georgetown; Chet C. Henson, Waco; R. J. LaPrade, Waxahatchie, and Roy Langston, Weatherford.

## Drunk Skunk Ignores Officers

There was a drunk skunk in the Trinity river bottoms Monday. And what's more, this drunk skunk had no fear of the law. It must have been good stuff—that beer he was drinking. Because he imbibed freely while officers looked on—from a safe distance. The scene was a homebrew still north of the Wilson school house in East Navarro county. It was early Monday afternoon. Liquor Control Board Inspector R. T. Bailey, Sheriff David Castles and Deputy R. E. Jones had learned of the brewery, and they were destroying everything but necessary evidence. The trio of officers burst some two cases of bottled brew. That's when the conspicuously colored animal, tottering along at his leisurely gait, entered the scene. The officers watched the bushy-tailed fellow for awhile, then gathered up their evidence and left. They figured the way that skunk was drinking, he would be a skunk-drunk skunk in a few minutes.

## Automobiles Must Be Rendered For Taxes In City

Persons who rendered their city taxes and failed to include their automobiles as personal property will find them on the city rolls. Miss Kate Dunn, city tax assessor and collector, said Tuesday that she is adding the automobiles, returning to a custom of several years ago. This city had to drop assessing of automobiles in cases where individuals failed to render them as required by law, when the county stepped making an annual ownership list. The county has resumed making the list, and Miss Dunn was placing the automobiles on the tax sheets Tuesday. She said the amount of the assessment will be left to the board of equalization.

## Grocery Selling Course Scheduled

A four-night course in selling grocery merchandise will be given in Corsicana, June 20-23, by E. A. Willeford, distributive education division, University of Texas, under the auspices of the Corsicana Retail Merchants' association, according to an announcement. The technique slant of merchandising information, fresh fruits and vegetables, stock-keeping, public relations, and checking will be included. Willeford will be in Corsicana June 18-17, and anyone desiring additional information can secure same from him or at the office of the retail merchant association. Practical demonstrations are included in the course. The hour and site for the class has not been determined.

## New Act To Give County's Schools Increased Support

Navarro county will have to raise a minimum of \$180,400 as its part in the new foundation school program enacted by the Texas legislature. County Superintendent J. C. Watson said this was approximately \$30,000 less than the amount raised locally last year. The \$180,400, which would represent an 82 cent per \$100 valuation tax on the county's \$22,089,631 total valuation, would be supplemented by state funds. The amount of state aid Navarro county's schools will get under the new Glimmer-Alkin legislation is not known yet. But Supt. Watson estimated that the county would get somewhere around \$100,000 more than it did last year. Corstina, he said, will get about \$40,000 more state funds under the new act. The increased funds will mean higher teachers salaries. This is definitely good news to Corsicana's teachers, who have been paid under the state salary schedule.

## Junior College Grid Schedule Is Announced

The 1949 grid schedule for Navarro Junior College was announced Wednesday by Coach Ken Clark, who listed three open dates—Sept. 24, Oct. 29, and Nov. 17. Clark said he would like to get two of these dates filled. The Bulldogs schedule follows: Sept. 17—Kilgore at Kilgore. Sept. 24—Open. Oct. 1—DeCatur at Corsicana. Oct. 6—Cisco at Cisco. Oct. 15—Allen Academy at Corsicana. Oct. 22—Hillsboro at Corsicana. Oct. 29—Open. Nov. 5—Blinn at Brenham. Nov. 11—Panola at Carthage. Nov. 17—Open. Nov. 24—Henderson at Corsicana.

## Californian Is Fatally Shot By Negro Fugitive

SOMONA, Calif., June 9.—(AP)—Aroused by the playing of a 67-year-old man and the shooting of his wife, Valley of the Moon residents today asked that incorrigible cases be removed from the Sonoma State Hospital to some other institution. Some fifty residents met last night at Boyes Springs and requested action after the fatal shooting Tuesday night of Paul Zimmerman. Rudolph Wright, 19-year-old negro fugitive from the incorrigible ward at the home, was arrested early yesterday and booked on a charge of murder. Further action awaited results of a psychiatric examination. Deputy Sheriff Robert Dollar said Wright admitted shooting Zimmerman and clubbing Zimmerman's wife, Louise, with a pistol. She was reported recovering at Sonoma Community Hospital. The attacks occurred as Wright was attempting to force the Zimmermans to drive him away in their car. Wright, Dollar said, admitted breaking into the ranch home of retired general H. H. (Harry) Arnold, who was away, and stealing a hunting knife. He later took two pistols from the Zimmerman home, Dollar said.

## Mrs. A. G. DuBose Reunion Guest

Mr. and Mrs. L. L. Noble honored her mother, Mrs. A. G. DuBose of Lubbock, by entertaining in reunion the honoree's brothers and sisters and their children Friday through Sunday. A number of Mrs. DuBose's grandchildren as well as nieces and nephews were present. Present were 55 relatives including 13 members of the immediate family. Guests were from Fort Worth, Plainview, Dallas, Ralls, Crosbyton, Hillsboro, Blooming Grove, other points in Navarro county and from Loving, New Mexico. High spot of the reunion was an all-day picnic Sunday in City Park. Other reunion events were observed in the Noble home, 617 North 25th.

Parents of Son  
A son was born to Mr. and Mrs. Billy Murphree of Louisiana, at the Navarro Clinic Saturday evening at 11 o'clock. Mrs. Murphree is the former Miss Beatrice Daniel. The son is the first child of the Murphrees and also the first grandchild of Mr. and Mrs. Z. S. Murphree and Mrs. Della Faye Daniel.

## Services Farmer Baptist Church

## MISS BILLIE JEAN FLEMING AND JOE W. BURNEY MARRY AT BAPTIST CHURCH IN RICHLAND

Miss Billie Jean Fleming, daughter of Mr. and Mrs. R. R. Fleming of Richland, became the bride of Joe W. Burney, son of Mr. and Mrs. L. A. Burney of Tehuacana, Saturday evening in the First Baptist Church of Richland. The Rev. L. B. Fowler officiated for the double ring ceremony. The bride, who was given in marriage by her father, was attired in a white suit with matching accessories and a large white hat with navy blue trim. She carried gardenias atop a white Bible. The bride's only attendant was her sister, Miss Virginia Fleming, who chose a pastel blue suit and a picture hat. Her corsage was of white carnations.

The bridegroom, who was best man, was given in marriage by his father, who served as best man. Preceding the ceremony candles were lighted at the altar, banked in pink and white gladioli and greenery by Miss Marilyn Fleming, sister of the bride, and Miss Kay Lansford. They wore aqua pique dresses, white accessories and corsages of white blossoms. The soloist was Miss Patzy Bounds, Wortham, who sang "Because" and the "Lord's Prayer." Piano accompaniments were by Miss Brownie Wimberly, Wortham. Miss Euella Bounds, Rice, played the traditional marches. Ushers for the ceremony were Jack Floyd, Tehuacana, and Marco Brooks, Richland. The bride wore a black faille suit, matching accessories and a corsage of gardenias. The bridegroom's mother chose a blue crepe dress and navy accessories, complemented by a corsage of gardenias.

An informal reception immediately followed at the home of the bride's parents. In the receiving line were the newlyweds, their mothers and Miss Virginia Fleming.

The bride's table was laid in white linen and given central decor of gardenias and daisies. Miss Joyce Copeland, Corsicana, served from the three-tiered satin iced wedding cake, topped with a miniature bride and groom. Miss Euella Bounds served punch, and Miss Beanie Jean McDaniel registered the guests.

When the couple left for their wedding trip, the bride was wearing a rust suit with white accessories and white carnations in a corsage.

The bride was valedictorian of the Richland High School graduating class of 1948 and attended Navarro Junior College. The bridegroom is a graduate of Tehuacana High School and attended Texas Tech at Lubbock. He taught and coached in Rice High School the past year. They will make their home in Dallas where he will attend S. M. U. Out-of-town guests included Mrs. L. A. Burney, J. T. Hammond, Mr. and Mrs. Jack Floyd, Mr. and Mrs. J. P. Floyd Sr., Jack Floyd, Mrs. Jessie Miller, Tehuacana; Virgil Blackburn, North Carolina; Mr.

## Kerens Resident Reported Missing; Search Launched

KERENS, June 8.—(Sp)—Robert Brown, 31, electrician, is the object of a widespread search by peace officers, Chester Kyser, Kerens constable, announced Wednesday morning. Ford was last seen, according to the officer, Sunday night.

The missing man is five feet, nine inches tall, weighs 155 pounds, brown eyes, dark complexion, and was wearing khaki clothes.

Complaining of a severe headache, Ford Sunday night was reported to have retired at 8:15 p. m. and later arose, dressed in khakis and was last seen at 10:30 p. m. in Kerens by Nightwatchman Dave Miles.

Mrs. Ford had been visiting ill relatives in Oklahoma and when notified returned home, arriving at 2:30 a. m. Tuesday.

No trace of the missing man had been heard Wednesday although police broadcasts had been made.

Constable Kyser said that in the event the missing man is not found, posses will be formed later in the week to scour woods and farms in this area in an effort to unearth some trace of him.

## Mrs. Evie Swink Funeral Is Held Richland Church

Funeral services for Mrs. Evie Swink, aged 90 years, wealthy South Navarro county pioneer, who died at her home near Richland Monday, were held Tuesday afternoon at 3 o'clock from the Richland Methodist church. Burial was in the Richland cemetery. The rites were conducted by Revs. V. C. Morrison, Azle, former Methodist pastor at Richland, and W. Vinsant present pastor of the Richland church.

A native of the Rushing community, named for her family, Mrs. Swink had resided near Richland since her marriage to the late H. A. Swink.

She was a leader in the Methodist church circles and in addition to extensive property holdings, was a director of the First National Bank in Richland. Surviving are her daughter, Mrs. Gussie Weaver, Wortham; two grandchildren, and other relatives.

Fallbearers were Neal Brown, Walter McDaniel, Earl McDaniel, Jr., Jack White, Harry Bounds and A. J. Burleson. McCammon Funeral Home directed.

Club to Meet  
Zion's Rest Home Demonstration Club will meet Friday afternoon at 2 o'clock in the home of Mrs. Betty Slaughter. All members have been urged to attend.

## Held Wednesday Rites For Infant

Funeral services for Brenda Kay Holcomb, infant daughter of Mr. and Mrs. M. M. Holcomb of Corsicana, who died at the P. and S. Hospital Tuesday, were held from the Griffin Funeral Chapel Wednesday afternoon at 2 o'clock. Burial was in the Emmett cemetery. The rites were conducted by Rev. Jack Bell, pastor of the Corbet Baptist church. Surviving are the parents and grandparents, Mr. and Mrs. W. O. Holcomb, Mrs. A. A. Horn and L. L. Bonner, all of Corsicana.

Friendly Thoughts  
by **ELBERT HAYS**

Kind acts are drops of compassionate rain falling upon parched human flowers... courtesy a balm for wounded hearts... understanding a rock of refuge for the weary... and sympathy a touch of God in the heart of man.

It's the fine craftsmanship and quality materials used that make our monuments so beautiful in design... so rugged in long-lasting durability. Drop in any time you are in need of a lovely monument, marker or memorial.
